

Mission **Results Framework** Elements

Expanded **Objective Tree** for a **Trade Policy Liberalization Component** of a USAID/Mission Strategy

USAID uses **Objective Trees** as an aid in developing a **Logical Framework** for a project. To see a **Logical Framework** developed from this **Objective Tree** go to the **E3 website page** for the **LF Trade Facilitation Example** and open the matching **Logical Framework for Trade Policy Liberalization** from the green box on that page.
